US ON OUR WEBSITE

ABOUT DISTANCE LEARNING

Unlock Your Potential with Creative & Technology Universitas (CTU)

Embark on an exciting new learning journey from the comfort of your home with Creative & Technology Universitas (CTU) newly launched Distance Learning Programmes. Our distance learning qualifications have been designed and approved by QCTO, ensuring a learning experience that is both effective and empowering.

The following courses will be available for Distance Learning:

- Occupational Certificate: Administration Officer
- Occupational Certificate: Project Manager
- NATED Diploma: Human Resource Management
- NATED Diploma: Electrical Engineering

These qualifications offer a structured learning path, allowing students to balance self-study and professional commitments without the need for daily on-campus attendance.

Benefits of Distance Learning

- Flexible scheduling allows students to fit their education around their employment and other obligations
- Write your formatives from the comfort of your own home
- Academic expertise, advice, and feedback are ready to assist
- Students can connect with one another through online meetings, study groups, and course forums

At CTU, we're committed to delivering an exceptional learning experience. We have planned for a balanced student-tutor ratio, ensuring personalised attention and support. Our tutors, with their wealth of experience and expertise, will conduct bi-monthly interactive sessions, assist in grading assignments and be available for evening email and TEAMS chat support.

To equip our students with a 360-degree learning experience, we've got a robust array of resources at your disposal. From online assessments via the Invigilator App to study guides, lecture recordings, podcasts, and more – every resource has been curated to enhance understanding and knowledge retention. Moreover, our dedicated helpline will address any technical glitches you may encounter during your learning journey.

Take your career to new heights and open doors to numerous opportunities by joining us at Creative & Technology Universitas. We believe it's never too late to get skilled, qualified, and certified, and our full time and part time qualifications are tailored to echo this belief.

TEACHING & LEARNING METHODOLOGIES

Attend Day Classes (Full Time):

Experience comprehensive learning with CTU's Full Day Classes, offering one to three-year qualifications with a blend of national qualifications and international certifications. Our innovative approach combines virtual and physical learning environments, ensuring a flexible and interactive experience.

- **Blended Training:** Utilise Microsoft Teams for live, interactive virtual classes with whiteboard and recording capabilities, allowing for a dynamic and engaging learning process.
- **Flipped Classroom Approach:** Engage with content at home and apply it in practical sessions, fostering a deeper understanding and hands-on experience.
- **Expert Lecturers:** Learn from subject matter experts nationally, maintaining a high academic standard across all courses.
- **Flexible Practical Sessions:** Choose to attend practical, group, and lab sessions either on campus or virtually, with a minimum of two days per week on-campus attendance.
- **Personalised Support:** Benefit from one-on-one student support sessions with lecturers, available both virtually and on campus

CTU's Language Policy: At CTU, we're committed to delivering a quality education in English, ensuring accessibility and understanding for all students.

Attend Evening Classes (Part Time)

CTU's Evening Classes offer flexible learning options for those seeking one-, two-, or three-year qualifications, with classes held in the evenings and on Saturdays. Tailored for working professionals and students needing a more adaptable schedule, these classes lead to national qualifications and international certifications where applicable.

- **Class Schedule:** Vocational qualifications require two evenings a week and two Saturdays per month, while technical diplomas require three evenings and two Saturdays per month.
- **Short Courses:** Upskill with our short courses available during the day, evenings, and Saturdays, leading to international certifications upon passing exams.
- **Hybrid Learning Approach:** Combining digital, recorded, and traditional face-to-face class activities, this student-centered approach allows for a flexible learning experience.
- **Flipped Classroom Model:** Engage in independent study through online materials and use class time for interactive discussions, exercises, and group work.
- **Group and Research Activities:** Benefit from collaborative learning experiences both in and out of the classroom, enhancing understanding and application of concepts.

Equipped with the latest digital resources and guided by expert instructors, our Evening Classes are designed to fit into your busy schedule while providing a comprehensive educational experience.
